GUIDANCE AND PROCEDURES FOR COMPLAINTS OF UNAUTHORIZED DISCLOSURES OF PROTECTED STUDENT DATA

INTERNAL GUIDANCE

I. INTRODUCTION

Pursuant to Part 121.4 of the Regulations of the Commissioner of Education of New York State, educational agencies must establish and communicate to parents, eligible students, teachers, principals or other staff of an educational agency, procedures to file complaints about breaches or unauthorized releases of student data.

The purpose of this document is to assist The Charter High School of Law and Social Justice with implementing the complaint procedures, which should be cut and pasted from the second section below, and be a stand-alone, public-facing document (e.g., posted on the school's website). Please consult us with any questions or specific sets of circumstances. Please note:

- These procedures *do not* incorporate a parent's (or eligible students) right under the Family Educational Rights and Privacy Act ("FERPA") to inspect, review, and challenge the accuracy of the data contained within the student's education records, though all schools must have FERPA-compliant processes for these requests. The §2-d regulations extend certain FERPA protections to third party contractors.
- The school must investigate and write a report for every complaint it receives, even those it believes to be frivolous.
- The school's public-facing procedures must be posted on the school's website.
- These procedures do not apply to notification of breaches/unauthorized disclosures by a third party contractor. There are separate procedures and notice requirements that schools must follow in those instances.

II. LODGING A COMPLAINT

Any person who believes that the protected student data ("PII") has been subject to an unauthorized disclosure or breach may lodge a complaint with the school. The school should post on its website and include in its public-facing procedures the name, email, and mailing address of the Data Protection Officer, to whom the complaints should be addressed. Some schools may choose to set up a web-based complaint form as well. The school should confirm that its board policy requires that such complaints be made in writing. If the board chooses to allow verbal complaints, the procedures will need to be adjusted accordingly.

A complaint form has been included as part of this guidance and should be added as a free-standing document to the schools' website with hard copies available as requested. Importantly, the complaint form does not ask for any information that would identify the protected student. This is consistent with the state's complaint form and is based on the regulatory requirement that the school's procedures themselves take precautions to protect personally identifiable information.

The written complaint should include:

- Reporter's Name

- Reporter's Email Address
- Reporter's Phone Number
- Reporter's Role/Relationship to Student
- Name of School Student Attends
- Description of the Events
- Description of the Possible Disclosed Data
- Description of How the Reporter Learned of the Possible Disclosure
- List of Any Persons Involved in the Possible Disclosure
- List of Any Persons who may have Knowledge of the Possible Disclosure

A copy of the "Unauthorized Disclosure Complaint Form" is attached.

Complaints may also be made to the New York State Department of Education, by writing to the Chief Privacy Officer, New York State Education Department, 89 Washington Avenue, Albany, NY 12234, or emailed to CPO@mail.nysed.gov. This information is in both the procedures and the Board policy.

III. ACKNOWLEDGING THE COMPLAINT

Upon receipt of a complaint, the Data Protection Officer, or a staff member designated by the Data Protection Officer, shall "promptly acknowledge" receipt of the complaint to the reporter. (8 NYCRR 121.4(b)). This written acknowledgement shall be sent via email or first-class mail as quickly as possible, generally within 3-5 business days following receipt of the complaint. A sample acknowledgement form is also attached.

IV. INVESTIGATING THE COMPLAINT

The school shall immediately commence an investigation of the complaint to determine whether there was an unauthorized disclosure of data. While conducting such investigation, the school must take any necessary precautions to protect any personally identifiable information. Pursuant to these precautions, the student's name and other forms of PII are not included on the complaint form. The investigator must learn this information during the course of his/her investigation. The breadth of the investigation is dependent upon the nature of the complaint. Some investigations may only consist of a few telephone calls, while others may require engaging an outside IT company to assess a potential breach. Should the school need to engage the services of a third party in the course of its investigation, the school must ensure that any contracts are compliant with New York Education Law 2-d.

V. REPORTING THE FINDINGS

Following the completion of the investigation, the school must provide the person who filed the complaint with a written report of its findings within a reasonable period but no more than 60 calendar days from the receipt of the complaint. If the school requires additional time to investigate the complaint beyond the 60-day window, or reporting the findings would compromise security or impede a law enforcement investigation, the school shall provide the person who filed a complaint with a written explanation that includes the approximate date when the school anticipates that it will respond to the complaint. A sample letter is attached.

VI. MAINTAINING RECORDS

The school must maintain a record of all complaints of student PII breaches and unauthorized disclosures and the disposition (e.g., reports of findings) of the same, with retention of the records as required by the New York State Records Retention and Disposition Schedule ED-1.

VI. MAINTAINING RECORDS

The school must maintain a record of all complaints of student PII breaches and unauthorized disclosures and the disposition of the same, with retention of the records as required by the New York State Records Retention and Disposition Schedule ED-1.
